Part of the

T:C Partnership
Training • Education • Careers

WELCOME

At East Riding College, we are proud to offer degree-level courses that combine academic expertise with practical, real-world experience

Studying at a further education college provides the benefits of smaller class sizes, personalised support, and strong industry connections, all while achieving a recognised university qualification.

Our courses are designed to equip you with the knowledge and skills needed to stand out in your chosen field and prepare you for a successful career. At East Riding College, we are evolving, thriving, limitless – just like you!

SUPPORT

We are committed to helping all students achieve their potential with our outstanding support services.

If you think you need additional support with your studies, please contact us prior to starting your programme and we will offer all the advice and guidance you need.

We also offer screening for dyslexia, dyspraxia and scoptic sensitivity, which are hidden learning disabilities that can inhibit the progression of some students.

East Riding College has a facility for the visually impaired, located within the Learning Resource Centre, and staff are on hand to assist students. Students with disabilities are supported and given the opportunity to apply for the Disabled Students Allowance (DSA), which is a government fund administered by Student Finance England that can pay for specialist equipment or other kinds of support.

Our Disability Advisors will ensure that you get everything you need to help you succeed.
